1. (Unclassified - JSW) George Murphy on the staff of the Joint Committee on Atomic Energy called indicating that a letter was being sent to the Agency requesting a copy of the intelligence report referred to on page 6 of the NEW YORK TIMES on 27 March. He was advised that the Agency had no such intelligence report but that we were aware that the item referred to was an analysis prepared by Department of State and he could direct a query to them.

3. (Unclassified - JSW) [] called indicating the Director was somewhat concerned about the memorandum of the meeting at the White House concerning the Jackson Subcommittee in that it was suggested that individuals wishing to review the Director's transcript before that Subcommittee should call the Subcommittee. The Director thought this might appear that we were not willing to cooperate. I explained to [] that at this point we had no copy of the transcript. He suggested when the transcript is returned we might put a P. S. on the memorandum.
